West Virginia University
RESEARCH ADMINISTRATION PORTAL (WRAP)

System Related Updates

- ➢ Researchers will notice they can assign a deadline and add ancillary reviews when creating Continuations.
- ➢ JIT will be renamed Post-Submission Updates.
- ➢ Researchers will be able to add required certifiers (co-investigators).
- ➢ The Research Office will be able to reinstate proposals to Pending Sponsor Review if designated as not funded, award anticipated, award notification received or withdrawn from sponsor.
- ➢ The sponsored account request process has been revised to improve efficiency.
  - o Sponsored Account Request Information

Grants and Agreements

- ➢ Review and share NIH Other Support Disclosure Requirements with personnel on NIH proposals submitted within the past two years to ensure compliance.
- ➢ The Research Security Training requirement is expanding to NIH grant applications effective May 25, 2026. For additional details, view the Research Security Training Requirement page.

Award Initiation & Management

- ➢ **Changes in Effort** - To ensure compliance with sponsor terms and institutional policy when requesting and processing changes to a PI or other key personnel's effort on sponsored awards. Please be sure to review the AIM Changes in Effort policy.

IRB

- ➢ IRB submissions will transition to the WVU Research Administration Portal in February 2026.
- ➢ For important dates, training, and other details view the Transition to WRAP page.
- ➢ For any questions or concerns, contact irb@mail.wvu.edu.
