- Support
- General Discussion

Research Connect Status

Jan. 13, 2025 – GO LIVE

Grants

Agreements

WV CTSI COE Clinical Trial Registration

Conflict of Interest

2026

IRB Protocol

2027

IACUC Protocol

Animal Operations (Vet, Housing, Inventory)

Safety (IBC, Radiation, Hazardous Materials)

Go-Live: How to Prepare

- [WVU Research Operations Website](#) – Access research systems and guidance
- Bookmark the [Research Operations Website](#)
- Watch for information in ENEWS, email, listservs, and on the WVU+kc dashboard
- [Register](#) for training and review training prep materials

★ WVU+kc will remain available to view and print information such as research proposals. The IRB protocol system will remain “as is.”

Go-Live: Pre-Award Proposal Planning

Date	Action
12/15/24 11:00 pm	Last day for PIs to initiate and submit a proposal to the next level (department, grant admin, COI, etc.) in WVU+kc.
1/13/25	Proposals still pending in WVU+kc will be manually entered by Research IT into WRAP. The approval, review, and submission process will be business as usual. All new proposals will be PI initiated in WRAP

 Active awards will be migrated and available on 1/13/25

Go-Live: Pre-Award Proposal Planning

- Submit as early as possible
- Complete submission planning survey [Proposal Submission Survey](#)
- Check with your college Pre-Award contact for guidance
- Contact the [Office of Sponsored Programs](#) for concerns ASAP

Any proposals due through January 31, 2025, should be started in WVU+kc by December 15, 2024, if possible.

Go-Live: Agreements Planning

Date	Action
1/12/25	Last day to use existing forms and processes to initiate agreements (all agreement types)
1/13/25	All agreements are initiated by the PI or the Agreement Offices in WRAP

Agreement types include CTAs and CTSI CT Registrations, SRAs, Master Agreements, Contracts, DUAs, NDAs, MTAs, Invention Disclosures, Facilities Agreements, Sub-awards, etc.

Sub-awards, CTSI CT Registrations, and clinical DUAs will be migrated to WRAP

Go-Live: COI Planning

Date	Action
1/12/25	Last day to enter information into the Kuali COI system and to use existing forms for outside consulting and foreign partnerships disclosure.
1/13/25	Enter disclosure information into WRAP

Because disclosure data will not be migrated from our current disclosure systems, all users must create their Disclosure Profile in the new system ASAP beginning Jan. 13, 2025, to ensure system integration with Grants and Agreements and to submit IRB Protocols in WVU+kc.

Go-Live: WRAP COI Disclosure

- Centralized disclosure system
- Automated workflows and integration
- Early disclosure reduces the possibility of delays in OSP and IRB

Training

Register For Training Now!

- Begins on 11/18/24
- Training will be continuously offered for the Research Community after go-live.

Categories of Training:

- Research Community
- Administration & Compliance Offices
- Department Research Administration Support

Training: Research Community
